## Buddha Statue Exhibition

### Greeting

Kanazawa M'ZA is pleased to announce the "Master Buddha Sculptor Matsumoto Myokei Workshop Buddha Statue Exhibition" for the first time in six years. Master Myokei is renowned as a "Master Buddha Sculptor" in the lineage of Unkei and Kaikei. Having dedicated himself to the craft of Buddha sculpture since the age of 17—a journey spanning 63 years—he currently resides in Oharano, Kyoto, where he continues to carve the forms of the Buddha day after day, striving to bring a ray of light to those living through the hardships and challenges of the modern age. Furthermore, he is increasingly active in his work, including the creation of a statue of Tokugawa Ieyasu and the production and installation of a small shrine for the 850th Anniversary of the Sect Foundation Memorial Service at Zojo-ji Temple in 2024. This exhibition brings together in one place the breathtakingly elaborate and soulful Buddha statues created by the Myokei school. We cordially invite you to take this opportunity to view the exhibition.
